MOOD:  nervous

I just customized my journal.

Oh, please tell me LiveJournal isn't going to eat my life. I mean, I'm the woman who almost failed a semester of college when she discovered the SCA (bet you didn't know I could fight with a rattan sword...).

## Thank you

This is Patricia Andreoli, wife of Daphne Worth, who you all knew as Trollcatz. Daphne died

## ...And there goes the weekend

But hey, we got a day and a half of this one! And I got to sleep in for two whole mornings. Too bad

You fought SCA?

...okay, the totally impolitic thing for me to say here would be, "But you're itty bitty!"

Daphne Worth, Death from Below.

Were you any good at it?

Hey, you want to come climbing with me sometime?

...but of course you didn't say it, so you're safe. This means you won't come into work to find an airline oxygen mask and bag hanging from the ceiling over your desk.

Death from Below, damn straight. Please remember that all the really good soft tissue damage happens south of the xiphoid process.

I was pretty okay in Armored Combat (also, I learned every single color a bruise can turn), and not half bad at Rapier.

Re climbing: Oh, could I? I've never done it. It looks like vertical full-body puzzle-solving. Fun!

As soon as we get back to civilization.

You're light and strong. You'll rock it.
